Flash talks will be followed by a poster session and reception. This event will create new opportunities for collaborations and community building.

See you on November 3 at the TC-CU-Barnard Networking Event!

Sincerely,

Carol and the Research Infrastructure Improvement Committee

Funding is available for three \$20,000 collaborative research projects that advance the field of child development and individual learning. Full-time faculty (i.e., tenure-track and tenured faculty, research professors and professors of practice) are eligible to apply. This new annual, internal funding opportunity has been made possible through a generous donation from the Ball Stick Bird Fund at the Berkshire Taconic Foundation. This opportunity is due to a bequest of the Estate of Dr. Renee Fuller, the creator of the Ball Stick Bird learning method. The idea is for faculty to have an opportunity to work together and get to know each other's work before launching a larger collaboration. Tenure-track and tenured professors, professors of practice, and research professors are eligible to apply. Projects must involve an interdisciplinary collaboration among a minimum of 2 TC faculty members. A team member from outside TC may be included as long as 2 TC faculty are members of the group. For more information, please see the [Application Form](#)

**Deadline:** Rolling until July 1, 2023
