## Spread of Christianity

What effect did the spread of Christianity have on the Roman Empire?

1. The teachings of Jesus were at odds with the Romans because he took on the role as Messiah.

Also some claimed his teachings were blasphemous, or contempt for God.

2. His teachings taught large crowds and attracted those of the poor. This concerned the Roman leaders and ~~this~~ the Roman governor accused Jesus of defying Rome. So they arrested him for being a threat.

3. People aren't so thought Jesus was Messiah because of his influence.

on the community. People began to call him Jesus Christ (Christo). Christo was a greek word meaning messiah or savior. Therefore people just began calling him messiah but in a different form.

4. This was so important to past to the christain community because even though Jesus preached this it wasn't his own words. Apostels is another word for the disciples which some of the gospels thought had been written
